

DANCE RADIO NETWORK LLC

DRN is now auditioning voice talent to act in the capacity of a radio host (air personality) for both our **Dance CHR** (ch.1) and **Dance AC** (ch. 2) formats across America.

SEND US YOUR DEMO

Audition Tape: Your demo may be used for recruiting new DRN affiliate stations.

Directions: Your demo should reflect YOU as an on-air personality on the Dance Radio Network. Talk in/out of popular dance music songs, give the illusion of “live” by using interaction with a co-host or listeners via telephone, be creative with sound effects and background music, use humor – be entertaining and informative. This is your official demo for the Dance Radio Network, so be sure to say your own name and the Dance Radio Network. *Remember DRN is a fun ‘feel good’ network with affiliates in various markets coast to coast across America.*

Length: Your personalized demo for DRN should be approximately 1 minute.

Submission: music@danceradionetwork.com or call (302) 294-2020 for more information.

POSITION DESCRIPTION

Overview

The radio host would act in the capacity of an independent contractor. DRN does not require our voice talent to be market exclusive. This work at home position would require about one hour daily to provide voiceovers. The radio host would need to meet deadlines to have finished voice tracked files uploaded to the designated Dance Radio Network FTP site.

Essential Job Functions

The radio host would:

1. receive a program/music log per day from the network
2. record the segue in-between music and/or break as indicated by the program log
3. save each voiced segment [MP3 File - 44.100kHz, 16-bit, Stereo, Constant bitrate (CBR)] to a specific file name as designated on the program log
4. upload the files to the secure Dance Radio Network FTP site prior to deadline

NOTE: Radio hosts may receive logs up to a week in advance. Radio hosts may record then upload voice track files at his or her leisure prior to the deadline.

Typical radio host shift:	4 hours per day
Voice track segments per shift:	6 (approx. 30-60 seconds in length each)
Total voice track segments per shift:	24
Estimated time to record/edit all files:	One hour

Qualifications

The radio host must not be under any market exclusive contracts. The radio host may be aired in any DRN affiliate market without obligation. The radio host would need to have access to recording equipment (microphone, non-linear audio editor, broadband internet for FTP upload).
